AND NOW... DESCRIBED WITH THE SENSES

Observe the product, what does it look like?
(Size, color, shape)

Now touch it, how would you describe it?
(Texture, surface, temperature...)

Bring it up to your nose, what can you smell? What does
it remind you of? Does it have a strong smell?

Time to try it! Describe the flavor (does it make a noise
when you chew it? Do you like it?)
